## APPROVED PROVISIONS

1. Personal leave of 24 hours shall be granted per year. Personal leave may accumulate to a maximum of 40 hours. On the 5<sup>th</sup> consecutive year of experience in the Burke Central School district, a teacher will be granted 32 personal hours per year. If a teacher doesn't wish to allow his/her personal leave to accumulate, he/she will be paid back at the same rate as substitute teacher pay at the end of the school year. If a 24 to 40 hours block of personal leave is to be used at one time, a 30-day notice is required. This requirement doesn't apply to those emergency or bereavement situations that come under the unforeseen circumstances clause that already exists in the master contract. Personal leave shall be pro-rated for part-time teachers. No more than two teachers shall take personal leave at one time. Paid personal leave may not be taken on the first two or the last two days of a school term. A written request for additional personal leave above and beyond what you have accumulated must be submitted to the board for approval.
  2. Bereavement leave of 8 hours shall be granted per year. In a bereavement leave situation, through staff covering a short term absence of another staff member resulting in no cost to the District, the absent staff shall not be charged any of the allotted bereavement time.
  3. Emergency leave of 16 hours shall be granted per year. An emergency leave shall be considered a sickness, maternity/paternity leave, injury or death in the immediate family. Immediate family shall be considered spouse, parents, grandparents, in-laws, brothers, sisters, or children of the teacher. If more emergency leave is required, a teacher may use his/her sick leave for the above purposes. Sick leave may not be used for the above unless the emergency leave has been exhausted. Emergency leave and bereavement leave may be granted at the discretion of the administration for unforeseen circumstances other than those listed above. Emergency leave shall be pro-rated for part-time teachers.

- Teachers will be granted 80 sick hours every contract year with an accumulation up to 720 hours. The maximum hours allowed in your personal sick bank will be 720 hours.
- Teachers who have an excess of 720 unused sick hours can have the hours transferred to the School Wide Bank. Also if a teacher is not under contract for the next school year, unused sick days can be added to the school wide sick bank.
- Teachers who choose to put the excess unused sick hours or not returning next school year in the school wide bank, must notify the business manager in writing before 4:00 pm on the last contracted school day.

6. Two days of professional development will be granted if related to the school's activities, teacher institutes and conventions will not be considered leaves for conveniences, but rather a part of that person's duties and responsibilities. Attendance for professional development must have prior approval by the superintendent.

Each school year three days of in-service will be required with no more than 2 days to be used consecutively.

7. Class assignments shall be made as soon as practical, preferably in the spring. If unforeseen circumstances arise that the assignment already made must be adjusted, the teacher(s) involved shall be consulted before any changes are made.

Any teacher who has been non-renewed due to a reduction-in-force shall be given first considerations and will be notified by registered mail of that opening. If hired, that person shall return to the step on the salary schedule and retain all benefits accumulated as if that person had not been released. If no teacher is hired under the above first consideration will be given to current staff. If a teacher fails to apply to the official notification within 15 days, no further consideration will be given that person.

10. All teachers will be placed on the most current salary schedule according to their actual years of teaching experience and according to their level of education and coursework, with the following provisions:

accredited college as proof. Additional education must be courses that enhance the field of teaching, at the discretion of the administration.

12. Once a contract is signed, it is assumed that teachers will not request a release during the term of the contract. It is mutually acknowledged that the termination of a contract by the teacher, prior to the completion of the contract terms, results in damages to the School District which are impractical or extremely difficult to actually ascertain. In an effort to fix compensation which bears a reasonable relationship to probable damages and which is not disproportionate to reasonably anticipated damages, the following percentage of the contract shall be paid by a teacher requesting a release from contract if approved by the School Board: 2% of the base salary penalty to begin 30 days after issuing of the contract or end of term whichever comes later, 6% of the base salary after July 1st, 12% of the base salary after August 1st. The School Board reserves the right to waive the penalty at their discretion.
