11) The board agrees to permit the Drayton Education Association to use the school as a meeting place to conduct its business and to make use of school machines and supplies.

12) GRIEVANCE PROCEDURE.

Section 1. Definitions.

A grievance is a claim based upon an event or condition which affects the conditions or circumstances under which a teacher works, allegedly caused by misinterpretation or inequitable application of established policy or the terms of this agreement.

A grievance evolves out of the manner in which a policy or any of the terms of this agreement has been interpreted.

The grievance committee shall consist of two members of the D.E.A. appointed by the president of the local.

Section 2. Procedures.

Step One (Informal) – A teacher who feels his complaint is of a nature that could best be resolved through the grievance procedure shall first discuss his complaint with his principal or superintendent by:

- A. Expressing his complaint directly to his principal or superintendent
- B. Requesting the Association's representatives to express his complaint to his principal or superintendent
- C. Appearing together with the Association's representatives before his principal or superintendent for the purpose of expressing said complaint.

If the complaint refers to the application or interpretation of personnel policies, rules, regulations, or an administrative decision, the principal or superintendent may state his views and shall give the Association representatives an opportunity to state the views of the association. If the complaint is not resolved satisfactorily to the aggrieved within 5 calendar days, a grievance shall be declared appropriate and action continued.

Within 5 days, before resolving the complaint, the principal or superintendent may consult the next higher level of administration or appropriate higher level of the Association.

At any point in the above procedure, the aggrieved teacher, the principal, the superintendent, or the Association representatives may request that the complaint under consideration be referred to a fact-finding committee and thus proceed directly to the more formal machinery set forth in Step Two of this grievance procedure.

Step Two (Formal)

On proper written notice, the Association's fact-finding committee, hereafter referred to as the Grievance Committee, shall within five days transmit the complaint in writing to the Superintendent.

The superintendent or his designated representative shall then work with the Grievance Committee in full good faith effort to seek an equitable solution.

A written copy of the proceedings of all meetings held concerning a given complaint under this step shall be furnished to the aggrieved teacher, to the superintendent or his representative, to each member of the Grievance Committee, and to the president of the Association.

The parties involved must resolve any complaint under consideration within 10 days after the Grievance Committee has transmitted the complaint to the superintendent.

Step Three (Formal)

If a solution acceptable to all parties concerned is not reached within 10 days after the Grievance Committee has transmitted the complaint to the superintendent, the superintendent or the Grievance Committee may institute arbitration by so requesting in writing to the Board of Education and the elected officers of the Association.

Within 10 days after receiving a written request for arbitration, the school board and the elected officers of the Association shall appoint a mutually acceptable third party, free from influence by the parties involved, as an arbitrator. Within 10 days after his appointment, the arbitrator shall examine the complaint, consider the opinions of all parties concerned, interpret the school policy in question, and submit his written recommendation to the school board and the elected officers of the Association for official confirmation. The arbitrator's recommendation shall be considered by all parties concerned.

The cost of the arbitration shall be born equally by the School Board and the Association.

Section 3. Disposition.

Copies of the grievance proceedings shall not become a part of any teacher's personnel file. School board members, administrators, or teachers shall not discriminate against another because of their exercise of their rights under this grievance procedure.

13) STAFF REDUCTION POLICY. The purpose of the Staff Reduction Policy is to provide an orderly method to reduce staff in the event it becomes necessary for reasons other than cause. It is agreed that this policy is designed to complement, not replace, the North Dakota Fair Dismissal law.

- A. No teacher shall be discharged or laid off pursuant to a necessary reduction in personnel unless there is a declining enrollment of students in the school district, a decrease in revenues available to the district, a program curtailment, or other reasons of necessity as determined by the Board. This determination shall not be arbitrary or capricious.
 - 1. Before the Board makes any necessary reduction in force, it will first inform the DEA regarding the matter and the effect of such contemplated reduction.
 - 2. Prior to any reduction in staff, a committee consisting of the administration, board members, and three faculty members (appointed by the DEA president) will make a study of the contemplated reductions. In any event, the Board has the responsibility to determine the scope of such reductions.
- B. In the event a teacher's assignments or responsibilities are to be changed or eliminated, every reasonable effort will be made to place that teacher in another position in the school system for which he/she is qualified. When one or more employees are to be laid off, in those situations where seniority cannot be the sole criterion, academic and professional preparation will be considered for placement within the school system.
- C. Recall will be initiated immediately upon resolution of the reasons listed in Item "A" above which may have precipitated the reductions in staff. Laid-off employees shall have recall rights for any position for which he/she is qualified until contracts are issued for one year from the effective date of the lay-off (June 30th). [7/8/2013]
 - 1. Laid-off employees shall be reinstated in the inverse order of their being laid off if qualified to fill the vacancies. No new or substitute appointments may be made while there are laid-off teachers available who are qualified to fill vacancies. Any employees reemployed by exercising his/her recall rights shall be placed in their proper position on the salary schedule, giving them full credit for years of experience and education.
 - 2. It is expected that laid-off employees will leave a current address and phone number with the school. Failure to respond to an offer of reemployment within 30 days will be considered a refusal of the offer.

14) FULL AGREEMENT. The parties do agree to abide by this agreement in accordance with NDCC 15.1-16. The parties do agree that this written agreement does represent the full and complete agreement between the parties and that it supersedes all previous agreements between the parties. The anniversary date shall be June 30 of each year. In the event that a successor agreement is not agreed upon before the anniversary date, all provisions of this agreement shall remain in full force until an agreement is reached. Provisions of successor agreement shall be retroactive back to July 1st. [7/8/2013]
